PREFACE.

We present to our patrons another volume of the City Directory, which, by comparison with former issues as to correctness, completeness, and general good appearance, will be found fully up to the standing of its predecessors. If any inaccuracies or omissions should be found in its compilation, our patrons will consider the large area of territory which we have represented in the work, and the difficulty of obtaining correct information concerning every individual; we therefore claim their indulgence should any such occur in its pages. We shall always be grateful to any one who will be at the trouble of calling our attention to any error that may be found, or for any practicable suggestion for the improvement of the work.

Nine years ago (May 10, 1862) the upper part of our city was visited by a destructive and disastrous fire, which cast a shade over the prospects of many of our citizens, and laid waste several acres of the business portion of the city, as well as an extended area of private residences and public buildings. We heard a remark made the day following the disaster, by one of our citizens, "That Troy would not recover from that calamity in fifty years." The prediction made at that time has already been disproved, for one would now hardly be able to find in the part of the city then destroyed, a locality that has not been occupied by buildings far superior to those that formerly stood in their places.

The coming year will be one in the history of our city, which, in the number of magnificent buildings in course of construction, will eclipse any previous year since its organization, a few of which we may venture to name in this place. The most elaborate and expensive one is to be erected on the corner of Second and State streets, by the Troy Savings Bank, and will cost in all its appointments, in the vicinity of $400,000. The Masonic fraternity will erect a building on Third street, 50x130 feet, at a cost of about $100,000, including the lot. Messrs. J. M. Francis & Tucker, of the Troy Daily Times, will occupy the lot corner of Broadway and Third street, with a massive iron building, 50x130 feet, costing $150,000. The new Theatre building, near the junction of River street, fronting on Third street, over one hundred feet, will be an ornament to that locality, costing about $60,000. Mr. B. H. Hall is about to erect a building on the corner of River and First streets, of brick and stone, six stories in height, fronting on River street about one hundred feet, and on First street ninety feet, making one of the most imposing buildings in the city, owing to its peculiar locality. Immediately south of Mr. Hall's buildings, on River street, Mr. Wm. H. Young, of our firm, is erecting a four-story brick and iron front store, to connect with our First street store, our increasing business requiring more accommodations. The new building will be occupied on the principal floor for our wholesale paper and blank-book department, while the entire second story will be devoted to our bindery, where, with new machinery and other improvements, we shall be prepared to execute all orders for blank books with dispatch; the third and fourth stories will be occupied for a printing office and press room, and a room will be fitted up expressly for the publication office of the TROY CITY DIRECTORY. Mr. E. W. Boughton is also contemplating the addition of two stories to his three stores at the corner of Broadway and River street, while in other localities many private residences are being erected, which, together with the recent railroad projections, will give an impetus to business that our city may well be proud of.

In our last issue we gave a list of those of our citizens whose names appeared in the first Directory, published in 1829, and whose decease occurred during the year previous. We have here to record the names of Martin Russell, William F. Sage, Robert Walby and Philander Wells, who departed this life since the publication of 1870. We have a complete set of the Troy Directory from its first issue, at our store, where those who may wish to consult or examine them can have an opportunity of doing so.

WM. H. YOUNG & BLAKE.

REQUIREMENTS FOR ADMISSION.

Previously to examination the candidate must present testimonials of good moral character to the Director of the Institute.

For admission to Division D, at the opening of the Winter Session, the candidate must be at least sixteen years of age, and pass satisfactory examinations in Arithmetic, Geography, English Grammar, including Spelling, five chapters of Davies' Bourdon's Algebra and three books of Davies' Legendre's Geometry. For admission to advanced standing, at the opening of either the Winter or Summer Session, the candidate must be correspondingly older, and pass satisfactory Examinations in the same, and also in all the previous studies of the Division which he proposes to enter. These examinations are extended and rigorous, including both Principles and Practical Examples.

SESSIONS AND VACATIONS.

The Scholastic year is divided into two Sessions of twenty weeks each. After the first, or Winter Session, there is a vacation of one week; and after the second, or Summer Session, there is a vacation of eleven weeks.

The Scholastic year of 1871-72 will commence on the 13th of September, 1871.

The Annual Register, giving full particulars, may be obtained at Wm. H. Young & Blake's Book Store, or from

TESTIMONIALS.

Having attended an examination in Mathematics in Prof. Willson's school, I take pleasure in expressing my great satisfaction with the manner in which it was conducted, and with the excellence of the result. The thorough knowledge of principles exhibited by the members of the class, and their ready command of them in practical application, were a sufficient indication of the discipline they had received in this department of their training. I cordially recommend the school as one well worthy of general patronage.

DASCOM GREENE,
Prof. Mathematics, &c., Rens. Pol. Inst.

TROY, June 30, 1859.

It is with great pleasure that the undersigned, having attended an examination in the classics, held at Troy Academy, on the 7th of June, 1864, express their appreciation of the results of the training under Prof. Willson. The proficiency, both in the Latin and Greek languages, attained by those who have received instruction from him, their familiarity with the various forms, and their exactness in translation, testified in no doubtful manner to the diligence and tact of their instructor. It should be stated in connection with the above, that the recitations were from portions of the works selected by the committee at the request of the Principal, and that no opportunity was given for any other preparation than that already furnished by the discipline of the session.

TROY (OR OLD) BURYING GROUND, opened 1814, situated near Marshall's Factory.*

TROY VAULT, situated in Mt. Ida Cemetery.*

ST. MARY'S CEMETERY, situated in the town of Brunswick. *President*, Thomas Eagen; *Secretary*, Thomas Neary; *Treasurer*, Peter Brannan; *Superintendent*, David Burke.

* James H. Ronalds, *Superintendent*, will give any information in regard to digging graves, interring, disinterring, fencing lots, &c., on these grounds, by applying at his office, Mount Ida Cemetery.

TROY POST OFFICE.

ALONZO ALDEN, *Postmaster*. **J. C. BUCKINGHAM**, *Assistant*.

Office in Athæneum building, First street.

Open from 7 a. m. to 8 p. m. (Sundays and holidays excepted). Sundays from 8.30 to 9.30 a. m. Holidays from 8.30 to 9.30 a. m., and from 2.30 to 3.30 p. m.

DELIVERY DEPARTMENT.

M. RUSSELL, *Assorting Clk*. E. B. GRISWOLD, *Distributing Clk*. H. J. BUCKINGHAM, *Ass't*.

MAILING DEPARTMENT.

C. H. GLENN, *Chief Clerk*. H. CHESSELL, THOMAS F. SHELDON, JOHN BROWN, *Assistants*.

CITY DELIVERY.

M. RUSSELL, *Superintendent*. R. F. Benson, A. Cummings, F. H. Cole, J. Frank Cole, A. E. Deuel, Ed. I. Davis, E. H. Downing, C. D. Fuller, Peter Hogle, jr., John Ketchum, J. H. Mallery, E. A. Sliter, Fred. Wolf, *Carriers*.

There are four deliveries daily between Hoosick and Ida streets. Carriers leave the office as follows: At 7.30 a. m., 10.30 a. m., 2.30 p. m., and 5 p. m. Two deliveries, viz: at 7.30 a. m., and 2.30 p. m., in Fifth, Sixth and Tenth Wards. Letters collected from street boxes on return from each trip. In addition to the above named deliveries, special deliveries will be made on the arrival of every important mail, on River street between the bridge and Ferry street, on Fulton street and on Broadway. ☞ This mode of delivering letters is equally as safe and expeditious as delivery at the Post Office. It also saves the time and trouble of calling at the Post office after the arrival of each mail.

SENDING MONEY BY MAIL.

Money should never be enclosed in an ordinary letter. The Post Office Department has devised two methods for the safe transmission of money, one of which should be invariably used. A list of money order offices will be found at the Post Office. When the office to which it is desired to send money is not a money order office, persons should avail themselves of the provision for Registering Letters. Letters may be registered and thus sent with safety to any Post Office in the United States, Canada, Great Britain, and most foreign countries at a trifling cost.

This Company owns and controls the entire water power of the Mohawk River at Cohoes, and has constructed one of the *finest Dams and Gate Houses* in the country to divert the water of the river to their canals, of which they have a series, so as to use the water under six different falls, having an aggregate head and fall of one hundred and twenty feet.

The company lease the water power with the lot at the rate of about *twenty* dollars per annum for a *horse power*. The power costs *less* than *one-third* of the cost of steam power, and is always ready and reliable.

Only about one-fourth of the available power is at present used, thus affording a large amount of power still available for manufacturing purposes.

Cohoes being centrally located, with easy facility for Railroad, Canal and River transportation to market, makes it one of the most desirable points for manufacturing in the United States.

DRAIN, SEWER & CULVERT PIPE.

OFFICE 17 SMITH'S AVENUE, NORTH TROY, N. Y.

☞ These Sewer Pipes, made of Hydraulic Cement and gravel, are especially adapted for Sewerage, Sink Drains, Conductors under Street-Crossings, R. R. Embankments, and Plank and Public Roads. Also, for Blow-Pipes, Well-Sides, Steam Escapes, &c.

Important recommendations of this Pipe are Cheapness and Durability. They improve with age and use, and are easily and quickly laid, forming a perfect joint.

Their perfect smoothness gives them a capacity of at least 30 per cent. over brick, stone, or wood sewers of the same size, and prevents them from collecting sediments from sink or other drains.

FIVE SIZES

Lively Times Self-Feeding

FURNACES,

PERPETUAL BURNER.

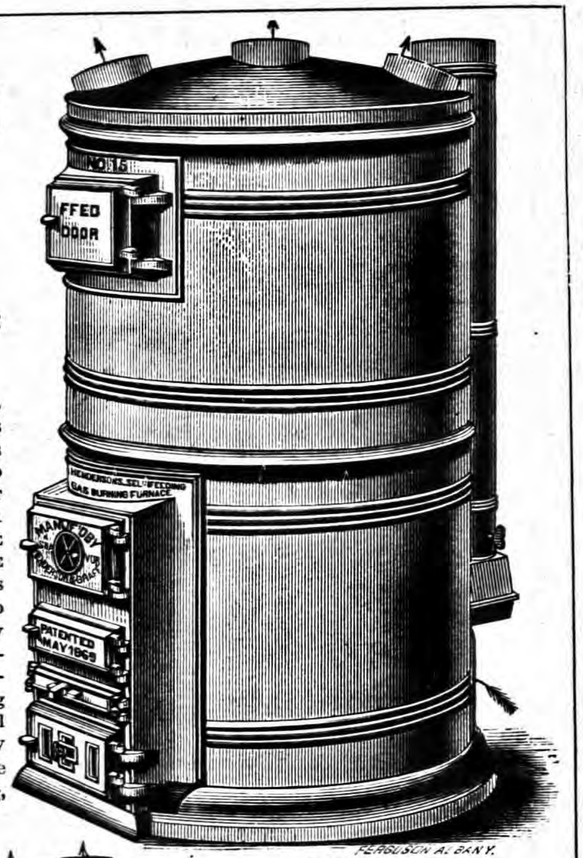
Either Brick or Portable.

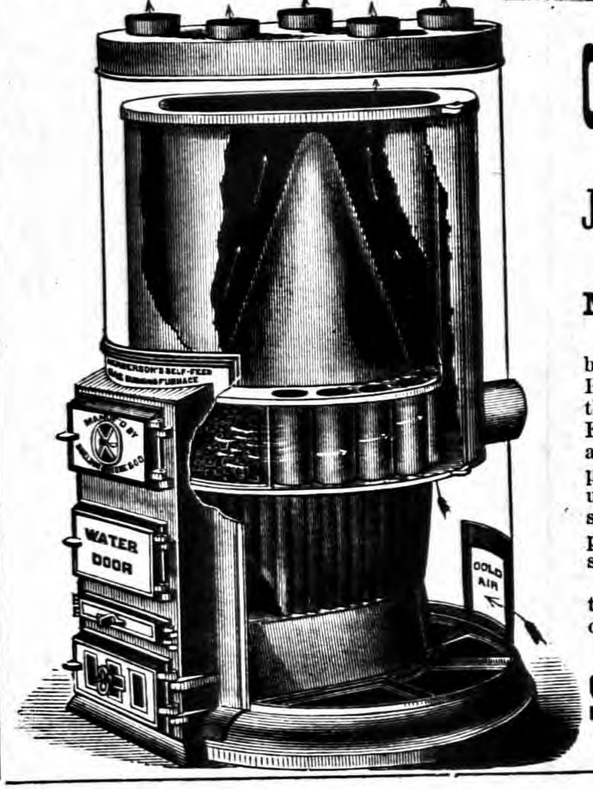
J. C. HENDERSON'S Patent.

Henderson's New Self-Feed & Gas-Burning

FURNACE.

The Furnace is constructed with a Magazine for reserve coal, which makes it a perpetual burner, and only needs to be seen to be appreciated. It is so constructed as to produce THE MOST PERFECT COMBUSTION OF THE FUEL. A GAS RING SURROUNDS THE TOP OF THE FIRE POT, AND LOWER PART OF THE MAGAZINE, and as fast as the gas evolves from the coal it is forced to pass through a strata of air, highly heated, causing a most perfect consumption of all the volatile, combustible gases in the fuel, thus producing more heat from a given amount of coal burned than can be equalled by any other Heater Made. The coal in the feed or Magazine above the Gas Ring, never becomes ignited.





FOUR SIZES

Cone Furnaces!

EITHER BRICK OR PORTABLE.

J. C. HENDERSON'S Patent.

HENDERSON'S

NEW CONE FURNACE.

In Churches and other public buildings, where a very powerful Heater is required, there is none that surpasses the Henderson Cone Furnace; it generates a very pleasant and exceedingly large volume of pure warm air, and no Heater in use is more easily managed. Four sizes are made, to be set either portable or in brick, as may be desired.

Testimonials and references of the highest character furnished if desired.

No. 283 RIVER STREET, TROY, N.Y.

THE NEW EMPIRE

HOT AIR, GAS AND BASE-BURNING

COOKING STOVE,

With Copper or Cast Iron Reservoir and Square Top,

FOR WOOD OR COAL.

The New and the Young Empire

ARE THE

ONLY FIRST CLASS COOKING STOVES

WHICH HAVE THE

HAWK'S AUXILIARY AIR CHAMBER ATTACHMENT,

PATENTED APRIL 23, 1867—RE-ISSUED AUGUST 3, 1868.

BY MEANS OF WHICH WE GUARANTEE

1st—A saving of 50 per cent. in fuel.

2d—A fire may be maintained throughout an entire season with either wood or coal without re-kindling, and not become dull through the accumulation of slag or ashes in the fire-box; consequently the oven is at all times in baking order.

3d—A perfect consumption of gas and smoke, so that the damper in the smoke pipe may be kept closed the most of the time (thereby retaining the heat in the stove) without any escape of gas or smoke into the room.

4th—It makes perfect base burners of stoves to which it is applied. The fire being at all times bright on the grate, no clinkers form, and the slate in the coal is reduced to ashes and passes through the grate, instead of remaining in the fire box as cinders, as is the case with other stoves.

5th—The heat being retained in the stove to a very great extent, the temperature of the room is kept very uniform, there seldom being more than two degrees difference in temperature between the floor and ceiling.

6th—These stoves are easily managed; the fire can be perfectly controlled, so that there is no difficulty in making them the most comfortable stoves for summer as well as winter use.

7th—The best baking stove in the world. Ten loaves of bread can be baked in a No. 9 oven at the same time, uniform and even, and without change.

At the State Fair held at Utica, the 27th, 28th, 29th and 30th days of September, 1870, (in competition with all the leading Stoves in market,) *the first Premium was awarded to the* NEW EMPIRE *Cooking Stove*, as being *the best* Coal burner. It was also awarded First Premiums at over one hundred other State and County Fairs during the Fall of 1870.

SALEM, N. Y., Feb. 15, 1869, Messrs. SWETT, QUIMBY & PERRY—*Gentlemen:* I exchanged with Mr. John Murphy, your agent at this place, a new Home Comfort Cook Stove, which I had used only about two months, and $14 besides, for one of your New Empire stoves, with which I am very much pleased, considering it in all respects a very superior Cooking Stove, consuming less coal for the amount of heat produced than any stove with which I am acquainted. With ordinary care and good coal, fire can be kept constantly burning four or five weeks without "dumping." I have been surprised at the small quantity of fuel which is consumed, and think that when you claim "a saving of fifty per cent. in fuel," you have not overestimated.

J. A. MCFARLAND, Principal Washington Academy.

PHARSALIA, Sept. 1st, 1869. Messrs. BROOKS & GOODWIN—*Gentlemen:* I purchased of you May 24th one of the New Empire Base-Burning Cooking Stoves, which you guaranteed to do as much business as any other stove with one-half the fuel. I confess I at first doubted; but to my astonishment, I soon became satisfied that it did not actually require over one-third the wood that I have formerly burned; and I must say that it is the best heating and burning stove that I ever saw. If it burns coal as well, and with as much economy as it does wood, it is the King of Stoves.

Respectfully yours, JEFFERSON BLACKMAN.

Read a few of the many Testimonials I have received.

TIOGA COUNTY CLERK'S OFFICE,
OSWEGO, N. Y., September 22d, 1869.

MESSRS. SHEPARD & ALLEN:

Gentlemen—Having used your Writing Fluid for several months, I take pleasure in saying that in most essentials I regard it the best in the world, and unhesitatingly recommend its use to all.

Very respectfully.
H. A. BROOKS, County Clerk, Tioga County, N. Y.

This is to certify, that we have used SHEPARD & ALLEN'S Writing Fluid, manufactured at Albany, N. Y., and find upon a careful examination, that it fully sustains all that is claimed for it, and we want to recommend it as being superior to any Writing Fluid in the market.

THE UPRIGHT PATENT TRUNK.

The great advantages of this Trunk over the old style are, viz:

It does not have to be removed from the wall to open it. Instead of trays to lift out and place on the floor, it is arranged with drawers, made very light and strong. There is no danger of the top falling down when open. It is much stronger, as only a small portion opens, whereas, in the old style, the whole top comes off. The same room in the bottom of the Trunk for dresses and heavy clothing as in the old style.
